TO WHOM IT MAY CONCERN,

I am an inspiring engineer who looks forward to being an asset to Creighton Manning LLC. Currently, I am a student at H.V.C.C enrolled in the Mechanical Engineering Technology curriculum. I had the pleasure of meeting with two of your associates at a recent job fair held on campus.

I am enclosing my resume and this cover letter, as you'll see for the lack of experience there are other positive attributes I do possess. I will show all that through hard work and aspiration, I can help achieve any goal for Creighton Manning. I look forward to joining your team.

Sincerely,

Thomas W. Bellow
