Objective

To obtain an entry level position in the civil engineering field where I can utilize and develop my technical skills in a team environment

Education

- Currently pursuing Bachelor of Science in Civil Engineering - SUNY Polytechnic Institute, Utica, NY- expected graduation, May 2020
- Associate in Engineering Science, Dutchess Community College, Poughkeepsie, NY, May 2017

Relevant Courses

Environmental Engineering
Transportation Engineering
Geotechnical Engineering
Structural Engineering
Engineering Dynamics

Water Resources Engineering
Hydrologic Analysis & Design
Reinforced Concrete Design
Structural Steel Design
Elementary Surveying

Skills & Abilities

- AutoCAD Civil 3D Microsoft Office SOLIDWORKS
- Fluent in Arabic

Academic Progress and Projects

- Current GPA 3.57
- President's List –Fall 2019 & Spring 2018 |SUNY Polytechnic Institute|
- Recipient of the Dutchess County United Educators Excellence Award | May 2016 | Poughkeepsie, NY
- Participated in the "Math & Science Matters" program. Mentored middle school girls to promote interest in the field of science, math, and engineering technology
 - Legos were used to demonstrate structural engineering techniques

Work History

- Intern at New York State Department of Transportation | May 2019 – August 2019 | Poughkeepsie, NY
 - Transportation Construction Inspector under the supervision of a Department of Transportation Engineer-in-Charge | Replacing bridge & culvert for rt 115 in Salt Point, NY
- Intern at *ELSISA* Engineering Center for Mechanical Turning Engine Reconditioning | May 2017-August 2017 | Alexandria, Egypt
 - Monitored product development, designs, and releases for production of rebuilt engines
 - Assisted senior mechanical engineers in engine reconditioning services which included: Crankshaft grinding & polishing, and boring & grinding of realignment of connecting rods

Independent Contractor | Wailing Management Inc. | June 2008 -January 2016 | Queens, New York
